5610mm (221") Valmet paper machine last producing 400 – 500TPD of lightweight linerboard and kraft papers from 81 – 161 gsm at 335 – 610 MPM (1100 – 2000 FPM). Major items are a Valmet SS hydraulic air pad headbox, stainless cantilevered fourdrinier table with Black Clawson “Top Flyte” former, (2) presses, dryer section rebuilt in 1996, pocket ventilation system, calender with variable crown King roll, Beloit reel, computer scanning system, Beloit 2000 MPM (6000 FPM) slitter rewinder, Nash vacuum system, and an upgraded DC drive system for 50/60 Hz.

[921777.019](#)

Used 104" (2.64m) slice F.C. Formers (division of Kadant Black Clawson). Manufactured in 2000. This mini fourdrinier is a compact unit using late model technology, that combines a headbox, forming roll (cylinder mould), and fourdrinier table to produce multi-ply board products. Has a T-316L stainless steel Octopus approach system Former is capable of producing paper from 28 to 337 gsm (15 - 205 #/3300 sq. ft.) Capable of doing the approximate work of (2) conventional cylinder moulds. (2 – available)
